ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. SEND BIDS AIRMAIL—IT PAYS.

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

12th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG USED IN CATALOGING THIS SALE

Scarce gold, proofs before 1936, small cents, proof gold and currency seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occassionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER $1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be $17 and $20. The highest bidder who bid $20 would receive the lot at $17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "'really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over two hundred successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet.** After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

COLLECTION OBSOLETE COINS

A most interesting collection of coins which are no longer current. When properly displayed and written-up they present an interesting story of the various attempts to satisfy the needs of the economy by these odd denominations.

HALF CENTS

At the time these were issued, a half cent had the purchasing power exceeding that of the nickel today. As the purchasing power declined and the value of copper rose, it became impractical to continue minting these coins. They were discontinued in 1857. A great many were redeemed or melted for their

HALF CENTS (Continued)

value in copper. Considering their small issue and still smaller proportion remaining in the hands of collectors, **half cents are considerably undervalued.**

TWO CENTS

This denomination was first proposed in 1836 but wasn't adopted until 1864 due to the shortage of small change during the Civil War. The religious sentiment aroused during the war resulted in its being the first coin with the motto "In God We Trust" being placed upon it (added to the silver coins in 1866).

THREE CENTS SILVER

The smallest U.S. coin issued divided into three types (to signify changes in composition). Only issued from 1851-1873; many issued only in limited amounts (a few hundred each of many dates) this series is now becoming rather popular. It is not too difficult to complete as yet and offers substantial "growth possibilities" in values. We look for a repeat performance in the next catalog of the sharp rise in values that took place in the last catalog. Need we say more?

THREE CENTS NICKEL

First proposed in 1837 by Dr. Feuchtwanger who issued a 3c piece in nickel composition that year. These were issued to supplant the 3c silver which were too small to be practical. Issued 1865-1889 they did not prove to be very popular which was reflected in rapidly declining amounts issued until its practical demise for circulation in 1876. Virtually all the later dates with the exception of 1881 were issued only for collectors in limited amounts. Since the series can still be

THREE CENTS NICKEL (Continued)

completed with a little effort, they are in great demand with the scarcer dates showing substantial rise in value during the last year. Judging from the amount of bidders, there should be a substantial rise in values in the next catalog (prices assembled in January-February with the book published in June).

TWENTY CENTS OR DOUBLE DIMES

These were originally proposed in the idea of a true decimal coinage but for some reason were not in the measure which finally established the various denominations in 1792. Due to pressure of Western Senators, this coin was finally authorized to "fill a need for a coin between the 10c and 25c piece." Actually, this is a more true decimal system coin than the 25c piece (many countries using the decimal system have a 20c piece instead of the 25c one). Even tho the coin was slightly smaller than the quarter, had a different eagle and was plain edge instead of reeded, the people complained about its similarity to the quarter. Only the 1875-S and 1875-CC circulated to any extent with the 1875 and 1876 Philadelphia being issued in only very limited quantities. The 1877 and 1878 were issued only in proof for collectors. When the denomination was abolished in 1878, those on hand were melted MAKING THE 1877, 1878 MUCH RARER THAN THE MINT FIGURES INDICATE.

TRADE DOLLARS

Issued 1873-1885 for circulation in the Orient to compete with the Mexican peso. It is heavier than the regular silver dollar. Thru an oversight in the law, they became legal tender in this country resulting to two different silver dollars being legal tender, one heavier than the other. Most of the issue were shipped to the Orient with the bulk being chop-marked (to verify the weight and purity) or melted for the silver. We note an increasing demand for this series which will no doubt be reflected in somewhat higher prices in the new catalog.

There was a depression in 1893 when both coins and currency were in "short supply." Some of the clearing Houses issued "currency" to alleviate this shortage (this happened again in 1907 and 1933 depressions). ALL OF THIS PERIOD ARE EXCEEDINGLY RARE.

1852. Set $1, $5, $10, $20 Columbia, South Carolina Clearing House Association certificates, dated August 19th, 1893 and payable on or before January 1, 1894, very fine but cancelled. Guarantee of payment made on reverse of the six banks composing the clearing house association. AN OUTSTANDING RARITY AND THE ONLY SET TO PASS THRU OUR HANDS. Easily worth over ..... $ 250.00

2129. 1885 Very nearly uncirculated. Scarce. 50.00

2130. 1888 Uncirculated. Scarce so choice. 50.00

2131. 1851 Augustus Humbert, date and lettering on edge, 887 thous., "50" on reverse, extremely fine, nick. VERY RARE. The guidebook lists this as the RAREST OF THE HUMBERT SLUGS (with the exception of the unique rays from star which would probably today bring $25,000 to $50,000 if it came upon the market). The last speciman of this variety to come upon the market brought $3,000 with an estimated value of ---------- $3750.00

2132. 1851 Augustus Humbert, Milled Edge, 887 thous., target reverse, A BEAUTIFUL VIRTUALLY UNCIRCULATED SPECIMAN having only a minimum of the characteristic "bag marks" (we have never seen a Humbert without any "bag marks" ecxept for the unique one with rays). These "slugs" were made of soft gold and were "banged up" in the process of being struck. What few weren't, soon acquired bumps and bruises from their extensive handling. These "slugs" were the most popular "coins of the West" and were almost all melted for their gold value after the San Francisco mint was opened in 1854. That any have survived is indeed unusual, but to have them survive in this choice state of preservation is indeed remarkable! WE HONESTLY BELIEVE THAT THESE "PIONEER GOLD SLUGS OF THE WEST" ARE UNDERVALUED IN KEEPING WITH THEIR TRUE SUPPLY AND DEMAND. According to the true rarity of this choice speciman, we believe it should bring somewhere in the neighborhood of---------- $3000.00

2133. 1915 $50 PANAMA PACIFIC OCTAGON (similar shape to the above "Pioneer $50 Slugs") struck at the Panama Pacific Exposition at San Francisco to commemorate the opening of the Panama Canal. These are the ONLY UNITED STATES COINS WITH OCTAGON SHAPE. They are also unusual in having the date in Roman numerals rather than the usual numerals. These octagon "slugs" were struck on the fair grounds with machinery supplied by the mint. They sold at $100 each at the time of issue, therefore the bulk remained unsold and were returned to the mint for melting. ONLY 645 WERE SOLD but of these, many were "turned in" when the government called in the gold in 1933. Of the few remaining specimens (some lost by fire, flood, buried and forgotten, etc.) only a handful can still be in the REMARKABLE ORIGINAL MINT STATE OF THIS SPECIMAN. Truly, a joy to behold and possess (as well as a good investment — compare the catalogs of the last few years). We believe this choice gem should be worth in the neighborhood of---------- $2500.00

2134. 1850 TYPE I, "TWENTY D." on reverse, PROOFLIKE SURFACE and SHARP "SQUARE EDGE" characteristic of a proof, slight edge nick. After careful examination of this remarkable speciman, we have come to the conclusion that it may well be a "carelessly made proof" or a "presentation piece." Certainly the sharp stars and other features leads us to believe that this speciman received "unusual care" in its manufacture. We have seen a speciman of similar nature valued at $5,000; this particular speciman cost $1000.00

2135. 1850-O Very nearly uncirculated with luster. The first year from the New Orleans mint. SCARCE. 150.00
2136. 1853-O Very nearly uncirculated, choice. RARE. 175.00
2137. 1860-O Very good. RARE. VERY SMALL ISSUE. 125.00

2138. 1861 BRILLIANT PROOF. A BEAUTIFUL SPECIMAN OF THIS CIVIL WAR ISSUE. ONLY A VERY FEW ISSUED. OF THESE, WE DOUBT IF AS MANY AS HALF A DOZEN TO A DOZEN ARE STILL IN EXISTENCE TODAY, VIRTUALLY A CENTURY LATER. WHILE AN EQUAL SPECIMAN MAY OR MAY NOT EXIST WE DOUBT IF A SUPERIOR DOES. The last proof speciman of this first type double eagle to appear at auction was the 1864 which realized $2000.00. This date is somewhat rarer and should bring between $2500 and $3000.00

2139. 1869 "IN GOD WE TRUST" ADDED. ANOTHER BEAUTIFUL AND CHOICE PROOF. ONLY 25 ORIGINALLY ISSUED NEARLY A CENTURY AGO. HOW MANY OF THESE HAVE SURVIVED, PARTICULARLY IN THIS PERFECT STATE OF PRESERVATION. THE 1894 PROOF OF WHICH 50 WERE ISSUED, LAST AUGUST AT THE A.N.A. CONVENTION AUCTION WAS BID IN BY A DEALER AT $1150. CERTAINLY THIS GREAT RARITY (WE DOUBT IF AS MANY AS A DOZEN SPECIMENS ARE STILL IN EXISTENCE OF THE 1869 — PARTICULARLY SO CHOICE) SHOULD THEN BE WORTH CLOSER TO $2500.00

2140. 1870-S Very nearly uncirculated. Catalogs unc. 80.00
2141. 1876-CC Last year type, fine and sharp. 65.00

2143. 1889-S Extremely fine. Catalogs unc. 75.00
